- 2** **I clienti che non sono raggiungibili dai nostri mezzi di trasporto (ZTL, strade strette e non percorribili da mezzi pesanti etc) e che necessitano far sostare la merce a depositi di zona, devono necessariamente corrispondere all'azienda il costo di giacenza deposito previsto per ciascuna zona oppure vedranno una riduzione dello sconto del 5% rispetto alle condizioni di vendita riservate agli altri clienti della stessa zona.**
- 3** Non si accettano ordini con consegna direttamente a privati se non preventivamente autorizzati per iscritto dall'Azienda e con addebito delle spese di trasporto.
- 4** La merce rimane di proprietà dell'Azienda fino al saldo completo del relativo pagamento. In caso di ritardato pagamento saranno computati, senza necessità di messa in mora, gli interessi nella misura del tasso commerciale di sconto. Le spese di emissione ricevuta e/o tratte sono ad esclusivo carico del committente.
- 5** **I cataloghi e campionari sono di proprietà dell'Azienda che ha pertanto la facoltà di richiederne la restituzione in qualsiasi momento.**
- 6** La fornitura della merce viene eseguita con massima sollecitudine, subordinatamente alle disponibilità di magazzino ed alle possibilità di produzione. Le date tassative di consegna devono essere concordate in anticipo con l'Azienda. La mancata osservanza da parte dell'Azienda dei termini di consegna non può in alcun modo dar luogo a richieste di risarcimento danni.
- 7** Gli ordini, scritti in forma leggibile e completa, possono essere trasmessi direttamente in Azienda o all'agente di zona a mezzo fax o email. Non si accettano ordini, rettifiche o precisazioni espressi in forma verbale.
- 8** Eventuali annullamenti di ordine devono essere comunicati in forma scritta all'Azienda entro e non oltre 5 gg. dalla data di trasmissione.
- 9** **Con la denominazione "destro" o "sinistro" si determina la posizione che assume il bracciolo guardando frontalmente il manufatto. In caso di composizioni angolari, si consiglia di accompagnare l'ordine con un disegno indicativo.**
- 10** **Alcuni modelli includono elementi optional (piedi in varie finiture, cuscini d'arredo, bottoni swarovski, meccanismi vari etc) che sono ordinabili su richiesta e il cui costo è riportato in corrispondenza di ogni versione. In mancanza di alcuna specifica, i modelli verranno prodotti con elementi previsti di serie.**
- 11** **Per realizzazioni di elementi "fuori misura", preventivamente concordate con l'Azienda, si deve considerare una maggiorazione del 30% sul prezzo di listino.**
- 12** **Per realizzazioni che coinvolgono due o più categorie di rivestimento, il prezzo deve essere riferito interamente alla categoria superiore utilizzata.**
- 13** Per rivestire in pelle o tessuto i laterali delle versioni componibili, considerare una maggiorazione del 5%, per ciascun laterale, sul prezzo dell'elemento considerato.
- 14** Per tessuti o pelli forniti dal cliente, considerare la categoria A del listino ed attenersi ai metraggi riportati a margine di ciascuna versione.
- 15** Ogni partita di tessuto o di pelle potrebbe presentare variazioni di tonalità rispetto al campionario o ad elementi prodotti in tempi diversi. Si raccomanda pertanto di non scomporre gli elementi di un salotto, in quanto risulterebbe difficile completare, con una identica tonalità di colore, gli elementi rimasti spaiati. Eventuali segni naturali o imperfezioni, specie sulla pelle, sono da considerarsi non come difetti, ma come pregi che esaltano la genuinità della vera pelle e la delicatezza della trama dei tessuti.
- 16** L'Azienda si riserva di apportare, anche senza preavviso, tutte le modifiche che si rendessero necessarie nei materiali, nelle finiture e nelle dimensioni di ciascun modello, al fine di migliorarne le caratteristiche tecniche e qualitative.
- 17** I prezzi del presente listino si intendono validi salvo omissioni o errori di stampa.

# Customers' information

- 1 The prices quoted in this price list are in Euro currency, packing included.
- 2 **Customers who are not reachable by our means of transport (traffic-restricted zone, narrow roads etc.) and who need to park the goods in local warehouses, must necessarily pay to the company the storing cost or will see a 5% reduction on sales discount, compared to the sales conditions reserved to other customers in the same area.**
- 3 Delivery terms are merely indicative and for single pieces delivery (pouf, armchairs, pillows etc) the transport cost will be considered on 5 seats. Orders, clearly written, can be faxed or e-mailed directly to the company or to the local agency.
- 4 **Clarifications or corrections are accepted only if they are expressed in writing.**
- 6 Cancellations of orders will be accepted only if transmitted within and not later than 5 working days from first confirmation.
- 7 The denomination "right" or "left" refers to the position of the arms, facing the sofa. In case of corner/sectional version, it is advisable to complete the order with a simple drawing, showing the position of the arms.
- 8 Some models include optional elements (legs in different finishing, pillows, swarovski buttons, mechanisms etc) which are available on request with an extra cost reported in the margin of each version. Failing any specification, models will be produced with serial elements.
- 9 **For the production of oversize elements (bigger or smaller dimension), agreed with the company, will be considered a 30% increase on the price of the element to be modified.**
- 10 **For realizations involving two or more covering categories will be considered the price of the highest selected category.**
- 11 **To cover in leather or fabric the lateral side of sectional elements will be considered a 5% increase, for each lateral, on the price of the selected element.**
- 12 **For realizations involving customer's leather/fabric covering will be considered category A of the price list, referring to the meters indication reported in the margin of each version.**
- 13 The colours of the leather/fabric samples are merely indicative, considering a reasonable approximation. It is advisable therefore not to split up the sets, because it should be difficult to realize a new combining element with the same colour tone of the original set.
- 14 Even scars or wrinkles, especially on the leather, should not be considered defects: they are natural marks proving that the leather is natural and that the product is handmade.
- 15 FDESIGN reserves the right, for the purpose of improving the technical and qualitative features of the whole production, to make any needed change, even without any notice, in materials, finishing and dimensions of the items included in the catalogue.
- 16 The prices of this price list are valid except for omissions or typographical errors.

# Norme di manutenzione

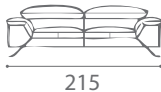

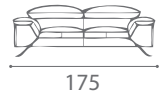

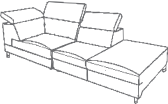

- 1** Non utilizzare oggetti appuntiti o affilati per sballare il divano in quanto potrebbero danneggiarne il rivestimento.
- 2** Dopo l'acquisto proteggi il tuo divano FDESIGN usando prodotti di pulizia garantiti. Richiedeteci il kit di pulizia pelle completo, che comprende una crema protettiva e nutriente più un cleaner per la pulizia.
- 3** Per mantenere i pori della pelle liberi dalla polvere basterà spolverare quotidianamente la superficie del salotto con un panno morbido e asciutto. Si consiglia poi di eseguire un trattamento di pulizia e protezione del rivestimento in pelle almeno tre volte l'anno, usando l'apposito kit. Per divani molto utilizzati, come quelli della zona living, si consiglia un ciclo ogni due mesi. In caso di mancata rimozione dello sporco con i prodotti contenuti nel kit è sconsigliato sia l'utilizzo di altri prodotti che lo strofinio aggressivo. Prodotti chimici o non specifici potrebbero provocare danni al rivestimento e indurre a costose riparazioni di cui non ci assumiamo alcuna responsabilità. Si consiglia pertanto di contattare l'azienda o affidarsi a tecnici esperti del settore.
- 4** Evita di posizionare il divano vicino a caminetti o altre fonti di calore: questi potrebbero causare un rinsecchimento della pelle.
- 5** Evita l'esposizione prolungata alla luce diretta del sole. Qualsiasi materiale con il tempo scolorisce.
- 6** Durante il trasporto di consegna la cuscinatura potrebbe subire fenomeni di compressione: basterà scuotere e manipolare un po' i cuscini per ridare loro forma e volume.
- 7** Eventuali cedimenti di volume della cuscinatura sono dovuti a normali fenomeni di usura nel tempo: in caso di dubbi contatta l'azienda per verificare se il cedimento avvenuto rientri nella norma.
- 8** La pelle è un materiale vivo e come tale subisce una naturale dilatazione se sottoposta a sollecitazioni continue. Ciò significa che la dilatazione non è necessariamente indice di rottura, lacerazione o scarsa qualità del pellame. Anche eventuali cicatrice o rughe non sono da considerarsi come difetti ma come segni naturali, prova dell'autenticità della pelle.
- 9** Il rispetto di queste basilari norme di manutenzione garantiscono la durata del divano nel tempo.

# Maintenance instructions

- 1** While unpacking the sofa do not use sharp or pointed objects that may damage the covering.
- 2** After purchasing your FDESIGN sofa, protect it with specific cleaning products. Ask us to supply the complete kit for leather cleaning including a protecting and nourishing cream as well as cleaner.
- 3** To keep the leather air voids free from dust, it will be enough to clean to sofa daily with a soft and dry cloth. We suggest you then to repeat the cleaning and protection process at least three times a year, by using the specific cleaning kit. High use furniture, like sofas in living area, should be treated every two months. If you are unable to remove dirt and stains using the products contained in the kit for leather cleaning, do not persist by rubbing too vigorously or using other products. Chemical or not specific products cause damage to the cover and may require expensive repairs for which we do not assume any responsibility. We suggest you therefore to contact the company or seek expert advice.
- 4** Avoid placing sofas near fireplaces or other sources of heat which could dry leather out.
- 5** Avoid prolonged exposure to direct sunlight which fades all materials.
- 6** During delivery transportation the cushions may become compressed. Please note that shaking the cushions will restore volume and shape.
- 7** Possible sinking of cushion volume may occur through prolonged use: in case of doubts please contact the company to check if possible sinking is normal.
- 8** Being a living material, leather is normally subject to a natural dilatation under continuous stress. This does not mean that the covering could tear or break or that the leather is of poor quality. Even scars or wrinkles should not be considered defects: they are natural marks proving that the leather is natural.
- 9** The respect of these advices and precautions could ensure maximum protection of your investment and give long life to your sofa.
